

PRESS RELEASE

Rohde & Schwarz pushes technological boundaries for Special Forces at SOFINS

Rohde & Schwarz enhances Special Forces' tactical supremacy with cutting-edge EMS solutions at SOFINS, ensuring true spectrum dominance in all domains and along the complete signal chain.

Camp de Souge, March 31, 2025 - Rohde & Schwarz will showcase its latest innovations designed to support the unique challenges of Special Operations Forces (SOF) at the prestigious SOFINS (Special Operations Forces Innovation Network Seminar) exhibition, taking place from April 1-3 at Camp de Souge in Bordeaux, France.

In the dynamic, high-stakes environment of modern special operations, electromagnetic spectrum (EMS) superiority is crucial for mission accomplishment. Rohde & Schwarz recognizes the importance of providing SOF with the technological edge they need to stay one step ahead of adversaries.

The company's comprehensive portfolio of EMS solutions is engineered to empower these elite units to fully leverage signals intelligence and communications, ensuring a strategic advantage in the most critical moments. From simulating and generating signals to detecting, locating, analyzing, and intercepting them, and from secure communication protocols to robust protection measures, the company offers a unified, trusted, and reliable platform tailored to the specific needs of SOF.

Visitors to the Rohde & Schwarz stand D1 E2 STS at SOFINS will have the opportunity to experience personalized briefings and live demonstrations of the company's EMS solutions, highlighting their capability to support the complex operational needs of SOF. The Rohde & Schwarz team of experts will be on hand to address the specific requirements of visiting SOF representatives, underscoring the company's dedication to being a trusted partner for those who protect and serve.
